

## Job Opportunities within Technip Offshore

[www.technip.com](http://www.technip.com)

### Notice:

Please contact Technip human resources ([jobs@technip.com](mailto:jobs@technip.com)) directly or attend the recruiting open house.

You can use **Yongjun CHEN**, who works at Technip, as the **source** of the job information when you contact Technip or attend the recruiting open house. But you should **NOT** mention that Yongjun CHEN **recommend** you. If you **really** think you qualify for one of the following jobs, you can discuss with Yongjun CHEN directly. If you get hired by Technip, please remember to give credit to HUSTAA. If Yongjun CHEN receives any referral fee because of you being hired, then the referral fee will be distributed among HUSTAA, yourself and Yongjun CHEN.

### About Technip

With a workforce of about 19,000 persons, Technip ranks among the top five corporations in the field of oil, gas and petrochemical engineering, construction and services. Headquartered in Paris, the Group is listed in New York and Paris. The Group's main engineering and business centers are located in France, Italy, Germany, the UK, Norway, Finland, the Netherlands, the United States, Brazil, Abu-Dhabi, China, India, Malaysia and Australia. In support of its activities, the Group manufactures flexible pipes and umbilicals, and builds offshore platforms in its manufacturing plants and fabrication yards in France, Brazil, the UK, the USA, Finland and Angola, and has a fleet of specialized vessels for pipeline installation and sub sea construction.

*Technip has offices in Shanghai, Tianjing and Beijing.*

### Recruiting Open House

In response to recent engineering project awards, Technip is planning to recruit a large number of engineers to supplement our excellent team. In order to help our effort, we will be having an OPEN HOUSE for potential new recruits, Friday May 20th, 2 - 8 p.m. at the Omni Westside Hotel, Eldridge (Katy Freeway at N. Eldridge).

We would like to get your help to attract as many qualified professionals as possible to this event. We are looking for personnel described in the advertisement that is posted on TP Net. You can forward this to engineers/professionals you would feel comfortable recommending as potential employees of our organization, and who may wish to attend the Open House. We have placed this advertisement in the Houston Chronicle (Sunday and also this Wednesday).

If an individual that you encouraged to attend the Open House is eventually hired (direct), a referral fee is payable; see TP Net Job Postings for details. There will be a sign-in sheet at the door, **so make sure you advise the individuals you are encouraging to attend to identify you as the source.**

If you have any questions, or need clarification please contact **Kathy Robertson (281 249 8918).**

Thanks in advance for your help; it is, as always, greatly appreciated!
